Two Youths Are Killed In Collision

Ronald Selvig, 17, Dead
At Scene; Ray Hirdes,
13, Dies in Hospital

BYRON CENTER (Special) — Two Byron Center boys were killed and two others were seriously injured in a two-car, head-on collision Thursday at 5:50 p.m. on Adams St. just west of Kenowa Ave., a few miles southwest of Byron Center in Jamestown Township.

Ronald Selvig, 17, of 4781 Wilson Ave., driver of one of the cars, was pronounced dead at the scene of multiple head and internal injuries by Medical Examiner Dr. J. E. Bulthuis of Jamestown.

Raymond Hirdes, 13, of 1364 Adams St., a passenger in the other car, died Friday at 6:30 a.m. at St. Mary's Hospital in Grand Rapids of head and chest injuries and fractures of both legs.

The driver of the other car, William Hirdes, 17, brother of Raymond, today was listed in fair condition at St. Mary's Hospital with a fracture of the left leg and a fracture of the jaw.

A third brother, Herman Hirdes, 12, was reported in fair condition at the hospital with a concussion.

The victims were the fifth and sixth traffic fatalities recorded this year in Ottawa County.

Grand Haven State police said skid marks at the scene indicate that Hirdes, headed west on Adams St., was traveling on the wrong, or south, side of the road. Apparently, troopers said, Selvig, who was going east, saw the Hirdes car approaching, slammed on the brakes and turned to the left to avoid him. At the same time, troopers theorized, Hirdes braked and swerved to the right. The cars met head-on on the north side of the road.

Officers said they measured skid marks of 150 feet from the Selvig car, and marks of 59 feet, ten inches from the Hirdes car. Both Selvig's 1954 model car and Hirdes' 1951 model car were demolished, they said.

Council OKs Club License For Legion

City Council Wednesday night adopted a resolution by a 6 to 2 vote granting a club license with dance permit for the Willard G. Leenhouts post No. 6 which operates Legion Memorial Park.

Request for approval came in a letter from the Liquor Control Commission which issues such permits on recommendation of local governmental agencies. Casting dissenting votes were Councilmen William De Haan and Richard Smith.

Dr. William Westrate, Sr., chairman of the Memorial Park board, spoke on behalf of the Legion post. Although there was a petition signed by residents in Legion Park area opposing a liquor club license, there was no active opposition from the floor, and the entire matter was resolved in 10 minutes.

Dr. Westrate assured Council that what the Legion wants to do is along the line of civic improvement and said sanction of the program would result in no disrepute to the Legion or the community. He outlined the history of the Legion development, the increase in golfing interests and the recent \$75,000 improvement program. He said a good golf club was a factor in General Electric coming to Holland and explained a club license is more to meet requests from golfers than to make additional revenue. He emphasized that a club license serves only Legion members and their guests.

He pointed out that the request comes from the Legion post which acted almost unanimously at a regular meeting. In other business, Council approved a suggestion of Mayor Robert Visscher for the city clerk and city attorney to draft necessary resolutions to change the name of River Ave. between 26th and 27th Sts. to Lawdale Ct.

Council okayed a recommendation presented at a previous meeting to remove certain parking meters in the downtown area and adding a few others, in keeping with the traffic ordinance.

Oaths of offices were filed for Hero Bratt as a member of the Library Board and Vern J. Schipper and Henry R. Vander Plof of the Traffic and Safety Commission.

Three petitions requesting water service in Indian Hills, Legion Park and Sylvan Acres subdivisions were referred to the city manager. Indian Hills is in the Lakeview school district and the other two are east of Holland. The Library Board reported the following gifts: World War II Memorials, \$10; Garden Club, \$34.13; PEO Memorial book, \$3.34; Henry C. Foote, Jr., memorial book, \$3.34. Council also okayed some budget adjustments for the Library Board.

Council also okayed purchase of asphalt tile and rubber stair treads for the multi-tier stack area for the new library from John Rossi Co. listing \$513 for the asphalt tile and \$208 for stair treads. The recommendation was drawn up by Consultant Arthur Read.

Council voted to purchase 122 parking meters from Magee-Hale Park-O-Meter Co. at low bid of \$6,414.70. These meters are similar to those currently in use throughout the city. Council approved a city manager's recommendation ordering sidewalk in the following areas within 30 days: both sides 28th St., Harrison to Van Raalte; north side 29th St., and Wildwood Dr., Harrison to Van Raalte; south side Wildwood Dr., Harrison to Van Raalte; both sides 30th St., Harrison to Van Raalte; both sides River Ave., 26th to 27th; south side 24th St., Columbia to Lincoln; south side 27th St., Columbia to Lincoln; also remaining from 1958 program, north side 30th St., Central to Pine in vicinity of South Side Christian School. Courtesy letters had been sent to owners of all property affected. There were two responses objection to construction.

Two applications from Theisen-Clemens Co. for gas station improvements were approved. One was for a new station to replace one on the northeast corner of Michigan and 32nd St. and the other was to remodel a station at 500 West 17th St.

The city manager reported on a proposed installation of a water main approximately 675 lineal feet in Graafschap Rd. beginning at a point 300 feet south of 29th St. south to 32nd St. Estimated cost is \$4,853.76 which when adjusted to a six-inch main amounts to \$2,468.40. Benefitted properties approximate 1,212 feet and estimated cost per front foot is \$1,527. The report recommends a special assessment district on both sides of Graafschap Rd. from 32nd St. to a point 606 feet north. A public hearing was set for July 15.

The Newcomers Club met Saturday at the Red Barn Theatre to see "The Happiest Millionaire." Dessert and coffee were served by the retiring officers to 84 members and guests prior to the showing. The next luncheon is scheduled on July 15 at Castle Park.

Sewer Fees To Start In September

City Council Wednesday night approved a sewer service charge schedule submitted by the Board of Public Works which will result in sewer bills for local users beginning with the September quarter.

In general, each residence will be charged \$6 per quarter which will be included in water billings. The schedule provides rates for commercial and industrial users based on types of meters. This scale runs from \$6 per quarter for 1/4 inch meter to \$80 per quarter for a six-inch meter.

A "residential service" is defined as a service furnished to a single family dwelling unit. All services not classified as "residential" will be under "commercial-industrial" services.

No deposits will be required and no discount will be allowed.

Any commercial-industrial customer who believes that less than 85 per cent of the water used on its premises is discharged into the sanitary sewer system may pay the cost of appropriate metering, approved by the city, to establish the actual volume of water diverted from or the volume of sewage discharged into the sanitary sewer system. Upon appropriate proof of such diversion, adjustments will be made in the rate.

Sewage service charges for services outside the city will be 150 per cent of the applicable charge for such service within the city.

Adoption of sewer charges dates back a few months when Council and the BPW adopted a policy of having persons benefiting from such services be charged for it, rather than having all property owners in an enlarged city pay for the services.

Plans have been adopted for a new sewage disposal system for the city involving a \$2,900,000 bond issue in general obligation bonds. Bond attorneys currently are studying the program which must be approved by the Municipal Finance Commission before it is submitted to a vote of the people.

Lansing Youth Pleads Guilty After Collision

Gerald A. Luoma, 18, of Lansing, pleaded guilty to charges of interfering with oncoming traffic and being a minor transporting beer when arraigned before Justice E. Boes of Zeeland, following a two-car collision Sunday at 5:15 p.m. on Douglas Ave. just west of 152nd Ave. He paid fine and costs of \$39.90.

Ottawa County deputies said Luoma was headed east on Douglas when he apparently became sleepy and crossed over the center line to sideswipe a car driven by Lawrence M. Ladewig, 56, of 131 East 29th St. Deputies estimated the damage to Luoma's 1953 model car at \$300 and the damage to Ladewig's 1957 model car at \$500.

River Ave. Parking Not Limited

But Council Clearly
Indicates Action May
Be Taken in Future

Following a full hour's discussion, City Council Wednesday night unanimously rejected a recommendation of the Traffic and Safety Commission to eliminate parking on the west side of River Ave. between 3 and 6 p.m.

The recommendation which had been tabled after presentation June 17 had specifically called for limiting parking on the west side of River Ave. from the Pine Ave. junction at Windmill Park to 12th St. Parking already is prohibited on both sides south to 19th St.

But while the vote against parking limitation was unanimous, there was a strong feeling that such action would be approved at some future date, despite protests of downtown merchants concerned about customer services and inadequate offstreet parking in the River Ave. area.

Mayor Robert Visscher summed up the situation as follows: "I am sympathetic with the Traffic and Safety Commission. The members have conducted a thorough study and know the problems well. I also am sympathetic with the merchants. They render a service to the people of the community and make a living in the process, as well as pay a portion of city taxes. But I believe it is premature to adopt this recommendation until these merchants have an opportunity to provide more parking area."

"I do not like to vote against a recommendation of the Traffic and Safety Commission, but my negative vote in this matter serves as a warning to the merchants to get busy and do something."

Before the subject was open to audience, a report from the Traffic and Safety Commission was read outlining its careful study, quoting accidents, the increasing flow of River Ave. traffic particularly between 3 and 6 p.m., difficulties of getting a fire truck through congested traffic at these hours, factory traffic, and the fact that at times traffic is backed up all the way from Eighth St. to beyond Fourth St.

Protests were registered by Clarence Smith, restaurant operator; Vernon D. Ten Cate, speaking on behalf of downtown merchants and as a property holder on River Ave.; Harold Gee, appliance store operator; Walter Allen store operator; Russell Vander Poel, sports shop operator. Allen felt that traffic was heavier on Eighth St. than on River Ave.

Larry Wade of the Chamber of Commerce staff representing retail merchants asked that action be deferred until a study is made on one-way streets. Dale Van Lente, a commission member, doubted the State Highway Commission would support extra streets without first eliminating parking on important thoroughfares.

Also speaking for the commission was Chairman Henry Vander Ploeg, who emphasized again that the commission is interested only in the greatest possible safety for the greatest number of people; Russel Fredricks who emphasized that the commission is interested in eliminating parking between 3 and 6 p.m., not all day; Andy Sall, who reported on a personal survey of parking uses during peak hours, pointing out that some merchants were parking in front of their stores for long periods, plus the fact that there were several parking spaces available in the city lot behind Brouwer's store.

George Boerger, speaking as a private citizen, felt that it was more important to keep traffic moving than to accommodate merchants, but Vernon Ten Cate countered with the necessity of providing certain services for downtown merchants who contribute a good share of the tax load.

Several Councilmen spoke in the same vein as Mayor Visscher. Councilman Ernest Phillips felt that much of the problem would have been solved if voters had okayed the proposed offstreet parking program in the last election. He added that some merchants were abusing parking privileges and were parking trucks in front of their stores for unnecessarily long periods.

Councilman William De Haan asked if traffic lights on River Ave. could be synchronized. City Manager Holt said such a study had been made, but the difficulty lay with gearing it to the Eighth St. series which is synchronized. Councilman William Heeringa said traffic often is piled up considerably north of Fourth St. and wondered if more motorists wouldn't turn off onto Pine and Central Aves. to alleviate congestion on River Ave.

Councilman John Van Eerden observed that the majority of accidents on River Ave. are mostly rear-end crashes and felt that parking had little association with such accidents. He felt parking must be solved before limitations are made.

William H. Vande Water of the Chamber of Commerce said some progress has been made toward offstreet parking and alley rights behind stores between Seventh and Eighth Sts.

Allegan Supervisors Approve New County Court House

ALLEGAN, Mich. — With only six dissenting votes, preliminary plans for Allegan county's new \$784,000 court house were approved by the board of supervisors Wednesday afternoon. The plot plan, size and general appearance of the building as presented by the architect, R. S. Geganoff, of Ypsilanti, were approved, 23 to 6.

Those who opposed approval of the preliminary plans emphasized that they were not bucking the building program in itself, but were urging a policy of "making haste, slowly." They said they felt that more actual details of the plan should be finalized, before the board gave its approval.

The board adjourned to Wednesday, July 8, at 10 a.m. to complete the June session. At 2:30, July 8, each supervisor and other assessing officers in the county have been summoned to appeal before the Michigan State Tax Commission for a hearing on the appeal of Fillmore township supervisor, Milton Timmerman, for reduction of his township's share of the county equalized tax value.

Before adjourning Wednesday, the board—

Approved a legislative committee report opposing proposed state legislation which would enable counties to levy a 2 per cent tax on real estate property transfers. The tax, based on the assessed valuation of the property, would be paid by the purchaser.

Confirmed the appointment of the Rev. Spencer DeJong, Hamilton, as coordinator of clergy for the Allegan county Civil Defense organization.

Approved a \$300 appropriation for the Michigan Children's Aid Society, but decided to take no action on the Kalamazoo Child Guidance Clinic's plea for an increase from \$400 to \$1,000 in the county's allocation for support of the clinic.

Heard a report from Civil Defense director David Weston in which Weston outlined organizational progress and said all key

personnel in the county could be alerted within 14 minutes—according to a recent test alert—and the entire civil defense organization in 35 minutes more.

There was good news for the county's strained budget in the social welfare department's report for April and May in spite of the fact that the board was asked to approve a \$25,000 allocation to tide the department over until October. Mrs. Beatrice Guscinski, director, said that the direct relief load was at a two-year low point, as of July 1, with only 153 cases on the rolls. This was a drop of 123 cases since April 1. She said there are no employable persons on the rolls at this time.

She also reported that the county's \$63,000 investment in a new sprinkler system, water storage tank and other improvements at the county's medical care facility resulted in an annual fire insurance savings of more than \$600. The hospital and infirmary have been appraised at \$303,412 for insurance purposes, she reported.

Thus far the board has taken no action on the request of Howard Strand, register of deeds, for a \$600 appropriation for vacation clerk hire and part-time help to catch up on an eight-month accumulation of real estate transfers needed by supervisors to bring their assessment rolls up to date. Strand said that a substantial increase in the volume of work done by his office, due largely to increased oil and gas drilling activity, made it impossible for his present staff to keep the transfers current.

A. D. Morley, who retired as county agricultural agent July 1 after nearly 30 years in the post, thanked the board for its cooperation with the extension department. Morley will be leaving an unofficial "gift" with the department in the form of a new duplicating machine. The board approved use of money left in Morley's mileage account when he retired to purchase the new machine.

Accident Toll High as Holland Moves Toward New Record

The accident statistics in Holland during June proved to be exactly double those of June 1958 as Holland area drivers moved steadily toward a new all-time record high in accidents.

In the month of June, Holland police recorded 22 major accidents, as compared with 11 in June of last year. The six persons injured in traffic accidents during June, 1958 were doubled to 12.

The city now has a record of 221 major accidents for the first half of the year, 93 more than the 128 which occurred in the first six months of 1958 when Holland recorded its record annual total of 303 major crashes. In addition, there were 34 minor accidents in the city during June.

The number of personal injuries resulting from accidents in the city now stands at 67, as compared with a full-year total of 116 injuries in 1958.

On the bright side, the monthly total of major accidents here showed a drop for the fifth consecutive month, following a shocking total of 53 crashes in January. In February there were 51, in March 34, in April 33 and 28 in May. There have been no fatalities so far this year, although there were two in 1958.

With local streets and highways more crowded and busy than before with the influx of summer visitors, Holland police request motorists to drive carefully and vigilantly. Police officers are watching for those who do not.

State Park Lifeguards Take Examinations

There were no lifeguards on duty at Holland State Park at Ottawa Beach because they had to take Red Cross lifesaving tests in Muskegon and persons were swimming at their own risk Monday.

A total of 73,900 persons visited the park last week and swelled the total so far this year to 445,900. Lou Haney, park manager said. On Sunday, 22,500 visited the park and 17,500 were in the park on Saturday.

An increase of 200 camping permits over 1958 was noted during the past week when 579 persons took out permits. This brought the total for the year to 856.

Former 'Newsboys' Visit The Sentinel

Robert Kimpton of Miles City, Mont., and his brother, Edgar Kimpton of Muskegon Heights, both of whom were employed as newsboys for the Holland Daily Sentinel more than 50 years ago, Friday visited The Sentinel and Herman Kiekintveld, an employee.

In a brief interview the three were reminded of the time when The Sentinel printing business occupied the store now known as the Downtown IGA and "it took an hour to print 900 copies of the paper," on a drum cylinder press.

Robert Kimpton for more than 47 years has been an engineer on the Chicago, Milwaukee, St. Paul Railroad. His brother is a school custodian.

Both began carrying Sentinels when they were 9 years old.

West Ottawa Voters Okay High School

Completion Date Set
For September, 1961;
Board Expresses Thanks

Residents of the West Ottawa Public School District, north of Holland, overwhelmingly approved plans for a new 2,700,000 junior and senior high school and a \$240,000 swimming pool in a special election Tuesday which attracted close to 1,900 property owners to the polls in the fire station on North River Ave.

The ratio was 10 to 1 in favor of the school and about 2 1/2 to 1 in favor of the swimming pool. Polls were extremely busy all day during the 12-hour period from 8 a.m. to 8 p.m.

Vote to bond the district for a \$2,700,000 school was 1,700 yes and 171 no, and the vote on the swimming pool was 1,316 to 552.

West Ottawa District President Gerrit Van Kampen, on behalf of the board of education, expressed heartfelt appreciation to all the workers and all the voters. School leaders interpreted the landslide as a clear-cut expression to organize a school program with emphasis on quality.

Supt. Lloyd Van Raalte said architects have been notified to proceed with working drawings, work that will probably take four or five months. The board also will apply immediately to the Municipal Finance Commission for approval to sell the bonds and to present the program to bond buyers after approval is received.

The board expects to advertise for bids in 1959 or early in 1960 and to start construction within months. The district is aiming for a completion date of September, 1961, and expects some classrooms may be ready for use during the 1960-61 school year. Plans already are under study for lining up classroom space for the three high school grades for the 1960-61 school year.

School personnel were elated with voter response Tuesday, and are proceeding with curriculum plans. A special committee had completed a thorough study on curriculum, but Tuesday's vote was the first opportunity for full district expression.

The West Ottawa district will not hold a regular school election in July since the special election to merge the district last fall also named a school board which will serve until next year. However, a special election is anticipated some time during the summer to vote special operating millage. This election will be scheduled as soon as school needs and state aid funds are determined.

Council Okayes Five New Cars

Holland police will be riding about in new cars soon.

City Council Wednesday night approved low bid of Reliable Garage for five four-door Plymouths, four with automatic transmissions and one with standard transmission for \$7,339.25 with trade-in allowance for three present cars. The 1959-60 budget allows for two additional police cars.

City Manager Herb Holt explained that the car with standard transmission will be used in radar work which entails considerable motor idling. The Reliable Garage bid was the lowest of five submitted by local car dealers.

Council also approved a Robert De Nooyer bid for a two-door Chevrolet for the city assessor at a cost of \$1,653.45. This bid was about \$90 higher than low bid was a Rambler American entered by Vandenberg Buick, but Council felt it might better serve the needs of city personnel in view of the fact that the car might also be used by the engineering and sanitation departments which would involve carrying equipment. Three bids were submitted.

Fire Destroys Boat, Motor at Bay Haven

Fire caused an estimated \$800 damage to a 16-foot outboard motorboat owned by William Newman of Albion at the Bay Haven Marina on Lake Macatawa at 2 a.m. Saturday.

Park Township Fire Chief Jack De Feyter said a nearby resident had the fire almost out when firemen arrived with two trucks.

Sheryl Lou Kragt Wed To David Vander Ploeg

Mrs. David Vander Ploeg

An altar banked with palms, ferns and bouquets of white gladioli and mums, flanked with candles, formed the background for the marriage of Miss Sheryl Lou Kragt and David Vander Ploeg which was solemnized Friday in the chapel of Western Theological Seminary. The Rev. John Botting, pastor of Faith Christian Reformed Church who officiated at the 6 p.m. rites used the double ring service.

Parents of the couple are Mr. and Mrs. George B. Tinhoft of 316 Lakeshore Ave. and Mr. and Mrs. John Vander Ploeg of 235 East 14th St.

The bride, approaching the altar with her father, was lovely in her floor length gown of peau de soie. Style features were the Sabrina neckline and upper bodice of chantilly over the peau de soie. A front panel of chantilly, delicately embroidered in sequins and pearls, extended in princess style from the upper bodice to the hemline. The bouffant skirt ended in a chapel train. Her doubled elbow length veil of imported illusion fell from a matching lace crown and she carried a white orchid on a white Bible with streamers.

The bride chose as her matron of honor her sister, Mrs. Philip Haan of Zeeland, and as bridesmaids the groom's sister, Miss Judy Vander Ploeg and Mrs. Howard Dirks of Grand Haven.

They wore ballerina length gowns of oriental green organza over taffeta. The fitted dresses with shirred upper bodices and sleeves were banded at the empire waists and complemented with small bows. The matron of honor carried a cascade bouquet of white daisies and the other attendants carried yellow daisies.

Earl Vander Ploeg of Lansing was his brother's best man and Marvin Vander Ploeg and Donald Knoll of Grand Rapids, cousins of the groom, assisted as groomsmen. Ushers were Philip Haan of Zeeland, brother-in-law of the

Contracts Let for New Parke, Davis Plant Here

DETROIT — Parke, Davis and Co. Saturday announced the selection of Darin and Armstrong Co. of Detroit as general contractor for the construction of a two-story \$7,000,000 manufacturing plant at Holland, Mich.

T. C. Anderson, vice president and director of production and engineering for Parke, Davis, said construction will begin at once with completion expected late next year.

The electrical and mechanical contracts were awarded Harlan Electric Co. and Lorne Heating and Plumbing Co., both of Detroit. The new project is part of the firm's \$50,000,000 five-year capital expansion program. The new chemical plant will be built near Black River on the plant's Howard Ave. site.

More than two years of design work by Parke, Davis engineers have gone into the planning of the unique H-shaped building which will produce fine chemicals (those produced in pure form and in relatively small quantities) for eventual use in the production of Parke, Davis products.

The modern fireproof building will consist of four separate manufacturing units at the points of the "H," Anderson said, while the "cross bar" serves as an area for utilities on the first floor and material storage on the second floor. Contour of the land is such that raw materials can be unloaded in the second floor storage area without using elevators.

Prime material used in construction will be pre-stressed and precast concrete, the engineer said. Plastic windows will be used and the sloped roof will be of concrete. The use of steel will be limited to necessary grading and the floor separating the two stories.

The new building will have 80,000 square feet of floor space, increasing total floor space of the Holland firm to 258,000 square feet.

At present the pharmaceutical firm employs 150 in six existing buildings in the production of broad-spectrum antibiotic chloramphenicol; benadryl, an antihistamine, and certain filling operations.

Holland buildings which comprise the present manufacturing facilities contain 178,680 square feet of floor space and are the only source of chloramphenicol in the United States. Manufacture of this antibiotic by chemical synthesis was started in Holland in 1951, following purchase and refurbishing of the property. Other operations were added later.

D. J. Vink, a chemical engineer, is superintendent of the Holland plant.

A contract also was awarded to West Shore Construction Co. of Zeeland to recap approximately two miles of Lakewood Blvd., in Holland and Park townships at a cost of \$29,322.44. These bids were received June 11. Also approved was the bid of John G. Verrington of \$69,837.32 for construction of Truman St. in Chester Township. This is a federal and project with the federal government paying half the cost and the county paying the other half. Frans' Coin Talk Given at Rotary

Combining Bible quotations and stories from Greek mythology, James Frans of Holland spoke to the Rotary Club Thursday at the Warm Friend Hotel on the development of money.

The Chinese were the first to evolve money as we know it, he explained. This was about 2800 B. C. Before then, barter was the sole way to trade. At first, money in all countries consisted of chunks of metal which were valued at their actual weight. Since there were no banks, men had to carry their wealth to be safe. Hence the hole in many early coins. "The string was man's first pocket-book," debasing and then counterfeiting by mixing in cheaper metals with the silver and gold. This was the start of today's metallurgy.

About 750 B. C., as far as the western world was concerned, the idea of a fixed size and definite value for a coin was first tried. Lydia, a Greek province in Asia Minor, produced such a coin. Other Greek city states followed suit. Silver was first coined about 550 B.C. Athens was the first to put images of gods and goddesses on coins and Alexander was the first man to be pictured.

About 450 the idea of making small change was evolved. Frans showed a number of actual historic coins, including such things as an obol, buried with Greeks to pay the tribute to the Styx after death; the tribute penny of Christ's time; and an example of the silver coin used to pay Judas.

GRAND RAPIDS (Special) — Eleven-year-old Brian Marcus, who had to bite his lip a year ago to cover the disappointment of not participating in the state tennis tournament, today smiled in triumph as the top Michigan player in the under 13 bracket.

Marcus walked off with the Michigan Junior under 13 singles championship Friday afternoon and then teamed with Tom Deur of Holland to win the doubles crown in the Michigan Junior Center tournament.

In 1958, Marcus had qualified for the state tournament but was forced to watch it from the sidelines because he injured his leg when the bicycle he was riding struck a post at the 21st St. tennis courts. The accident occurred on the eve of the state tourney and required nine stitches.

Marcus, the son of Mr. and Mrs. Clifford Marcus, 16 East 23rd St., had an easy time winning the singles championship on the Franklin St. courts over Chuck Brainhart of Ann Arbor.

The match was tied 3-3 in the first set but that was the only time it was close. Marcus took the next nine games and won the match, 6-3, 6-0. Brainhart made only four points in the entire second set.

Marcus and Deur won the doubles championship, 6-4, 6-1 over their friends, Randy Nykamp and Tom Wedeven. Deur is the son of Mr. and Mrs. Howard Deur, 476 Michigan Ave.

Deur, 12-year-old, had mixed emotions last year too. He won the state under 13 singles but lost in the under 13 doubles to Ken Harbin and Tom Essenburg of Holland. Nykamp was Deur's partner.

But this year, although bumped in the semis by Brainhart, Deur was able to come back and with Marcus capture the doubles crown that had evaded him last year. Nykamp is the son of Mr. and Mrs. Louis Nykamp, 315 River Ave., and Wedeven is the son of Mr. and Mrs. Gradus Wedeven, 174 West 20th St.

Expenses for the Holland players to the state tourney were paid by The Holland Evening Sentinel. Nationally-ranked Ray Senkowski of Hamtramck won the boys under 18 title with a 7-5, 6-3, 6-0 win over teammate Francisco Castillo. Senkowski and Castillo teamed to win the doubles.

George Maentz of East Grand Rapids stopped Bill Dixon of Ann Arbor, 6-4, 6-2 for under 13 singles title. Peaches Barkowicz of Hamtramck beat teammate Susan Dykes, 3-6, 6-3, 6-4 for the under 13 title and Sharon Prutula of Detroit stopped Ann Hathaway of Muskegon, 6-1, 6-1 for the under 13 title. In the under 18 play, Virginia Dykes of Hamtramck edged Judy Ellis of Grand Rapids, 7-5, 6-4. Miss Prutula and Sue Galloway of Grand Rapids won the under 15 doubles title.

State Denies Maplewood Petition

LANSING — The State Board of Education Friday denied a petition of the Maplewood Board of Education in Holland to transfer certain properties of the Maplewood school district lying outside Holland city limits to the Hamilton district.

The ruling followed a hearing before the state board Wednesday.

Dr. Lynn Bartlett, superintendent of public instruction who serves as secretary to the State Board of Education held that it should not take action which would transfer property out of a school district where the people who live in the district have no voice in what is being done.

Holland attorneys pointed out at Wednesday's hearing that 411 children are in Maplewood area which lies inside the city. The move to transfer the sections to Hamilton would involve only nine children.

An attempt earlier this year to transfer certain sections to Hamilton was blocked by the Allegan County Board of Education. The Maplewood board then appealed to the State Board of Education.

GOVERNMENT

We find that hundreds and hundreds of people are in accord with the supervisors who voted "No" on the hiring of a comptroller for Ottawa County. They do not think we are large enough to spend another \$8,000 of the taxpayers' money at present.

Ottawa County for many, many years has been able to operate within the budget and at times has had a surplus. This, we think, speaks well for our elected supervisors of long-standing. If the cities, states and nation would take a leaf out of their books or perhaps read the entire reports, then perhaps we in Michigan and the nation would not be operating at a deficit running into millions and billions of dollars.

Somewhere, somehow we are going to have to find ways and means of reducing the tax dollar waste and our elected officials, county, city, state and national, should face the facts.

Our state Legislature talked about raising their pay from \$4,000 to \$6,000 plus the present \$1,000 expenditure allowance, even though it would not take effect until next term or 1961, but the Senate killed the bill.

There could be millions and millions of dollars for all of our essential needs if the duplication and waste could be reduced.

With more and more population some of our smart economical research departments would really do everyone a public service if they would come up with some kind of a right answer on reduction, duplication and waste and hand it to our elected officials on a silver platter. Then perhaps we would be able to reduce the waste so that there would be a surplus. Then many things could be accomplished that we are in need of. I am thinking of our educational problems over the townships, counties, cities, states and nation.

Holland Mother Finds Son's Grave

Mrs. Nellie Israels, of 30 East Sixth St., who left Holland April 23 to visit the grave of her son, Pfc. Henry T. Israels in France, wrote The Sentinel newsroom today to report that she had found the grave.

Pfc. Israels, 21, was killed at "Omaha" beach on July 4, 1944 while fighting with the invasion forces, and was buried nearby at the St. Laurent-sur-Mer American Cemetery, where French and American memorial services are held annually.

Mrs. Israels said that, through a mixup in dates, she arrived a week too late for the memorial services, but through the help of another American couple and a French officer, she found her son's grave.

She noted that the cemetery is well-tended, with many beautiful flowers. While overseas, Mrs. Israels is also visiting brothers and sisters in The Netherlands.

Sunday School Lesson

Sunday, July 5
A Nation Under God
Deuteronomy 7:1-11; 8:17-19; 11:1
By C. P. Dame
(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.)
This is the first lesson of a new quarter. We will study some Old Testament books, some of which get but scant attention from many church members. The first lesson is of a patriotic nature which is opportune seeing that the national holiday preceded the Sunday on which we will study this lesson which surely teaches us that God is the God of nations.

I. God chose Israel to be His people. Two lessons of this new quarter are from the Book of Deuteronomy. The name means "the second law." The book is the last of the five books of Moses called the Pentateuch. Jesus often quoted from this book. In the wilderness he resisted the tempter by quoting from Deuteronomy. The bulk of the book is composed of addresses Moses spoke to the nation before it entered into the Promised Land.

God told Israel to be a holy people. The word "holy" is not popular today. Only God is holy in the highest sense of the word. God wants His people to be much as He is and therefore He wanted them to be holy—and that meant to live on a high moral plane. The word holy also suggests separation. Israel was told that "the Lord thy God hath chosen thee to be a special people unto Himself, above all people that are upon the face of the earth." God chose Israel for a definite purpose, namely to reveal Him to the world. It was not due to any special merit that God selected Israel, but it was due to God's sovereign choice. The nation was small. Israel's history reveals that the nation was often stubborn, bent on sinning, inclined to idolatry. God still chooses people, families, nations for special tasks.

II. God showed His love to Israel in various ways. The Lord made solemn promises to their fathers—to Abraham, Isaac and Jacob. Many times God delivered the nation from its enemies. There are many references to Israel's deliverance from Egypt in the Old Testament. God is portrayed both in the Old Testament and in the New Testament as a Deliverer of His people. Israel had experienced the faithfulness of God many times. The nation often forgot the covenant it made with God but God never forgot it. The people promised to obey God but they often refused to do it. A covenant is a mutual agreement. Both parties to the agreement must keep it or otherwise the contract fails. God was prompted by His grace to make and keep this covenant. Because God loves He also shows firmness. The nation did not keep God's commandments and suffered the consequences for so doing. God was not slack with His people in times past and He will not be slack with them today.

III. It is God Who gives power to gain wealth. Prosperity may be perilous. The nation was warned against the peril of prosperity. Israel was told that it is God Who gives people ability, talents, opportunities and privileges. This fact is often overlooked. Today many people enjoy prosperity and many ascribe it to themselves. Nations and people have been ruined by too much prosperity. Israel faced another danger—that of idolatry. Today there are many Americans who have forgotten the God of their fathers and who today worship money, pleasure, success, power, popularity and some even worship themselves. Man is a worshipping person and if he does not worship the true God he will worship a god of his own making.

God loves. And the lover always delights in being loved. The God Who wanted Israel's love is the same God Who longs after your love and mine. Love reveals itself in obedience. Jesus said, "If you love Me, you will keep My commandments." This may not be easy but it is the safest and best. The God Who gave His Son for our salvation deserves a hearty response.

Cherven said that two inspectors, working in this area in the past week, have tagged more than 100 boats which did not have current licenses. While these were just warning tags, Cherven said that in the future those without licenses may be prosecuted. The licenses can be obtained at the local license bureau.

Graatschap Civic Club Has Family Picnic

The annual Graatschap Civic Club family picnic was held Thursday evening at the club grounds. Games were played with prizes awarded to Myra Blystra, Paul Koeman, John Den Bleyker, Ruth Mokma, Mr. and Mrs. Julius Slager and Charles Reimink.

The program included group singing led by Don Blaauw; clarinet solo by Miss Ruth Mokma and singing by a men's quartet composed of Clare Elders, Don Blaauw, Howard Busscher and Andy Blystra. Jim Genzink showed movies.

Ice cream was served to the group. The request was denied on the grounds that Crachy previously has been convicted of felonies and there is a strong possibility that supplemental proceedings may be filed against him in which a light sentence may be imposed.

Crachy is held in connection with a break-in at Plumb's supermarket in Grand Haven. At preliminary examination, Municipal Judge Jacob Ponstein reduced the \$25,000 bond to \$15,000.

Each evening the public is invited to join the conference in the Vesper Services at 7:30 p.m.

Provision has been made for 350 persons. Those who wish to enroll may do so by sending application to the Board of Education, Reformed Church in America, 156 Fifth Avenue, New York 10, N.Y. and paying the registration fee.

Mrs. Jerry Veldman of Third Reformed Church is the chairman of the local committee.

Each morning demonstration classes in children's work will be observed by the delegates. After the dismissal of the children, the observers will discuss the work with the leaders of the classes. Conferences will be held for the other work with one of the staff members directing each department.

During the month Mrs. Kuyper was with her husband, the couple traveled from the Netherlands to Paris, and then to Basel, Switzerland, where they were guests of the Rev. and Mrs. John Hesselink. They attended the Cavin celebrations at Geneva on May 31 and June 1 and were present at the dedication of the renovated auditorium where John Calvin taught. Single Oral Dose Polio Shot Looms

"Prospects of successful vaccination with a single oral dose live virus vaccine for polio which is entirely safe for human use is extremely hopeful," according to Dr. Benjamin W. Carey, medical director of Lederle Laboratories, division of American Cyanamid.

Dr. Carey also pointed out that the vaccine will confer lasting immunity against all three types of polio. "However, it may be several months before application for licensing is sought from the U.S. Public Health Service."

Dr. Carey, who was in Holland, conferred with Dr. Paul de Kruif on a forthcoming report on live poliovirus for Reader's Digest. Carey attended the Conference on Live Poliovirus in Washington, D.C., which ended June 26 and was sponsored by the Pan American Sanitary Bureau.

Complete reviews of all field trials of three different sets of live poliovirus vaccines were reported by international researchers attending the conference.

Dr. Herald Cox and his associates of the Lederle Laboratories have completed 13 years of carefully conducted research with

field trials in Minneapolis, under direction of the Minnesota State Health Association, using Lederle strains. Lederle reports were given from field trials in Cuba, Uruguay, Colombia, Costa Rica and Finland.

General conclusions were that the U.S. Public Health Service, which controls licensing of vaccines for domestic and export use, adopted a conservative attitude that more time is needed before a license is granted for the new vaccines.

International researchers who conducted the field trials are absolutely convinced of the safety and efficacy of oral polio vaccines and because of the depressed economic conditions foreign countries are unable to afford the Salk vaccine. They do not have the facilities of the U.S. Public Health Service.

Dr. Cox and his staff from Lederle and investigators from Minnesota and Cuba reported at the conference for the first time on the successful use of Lederle's oral vaccination in a single dose. The vaccine contains all three types of poliovirus.

Dr. Kuyper Returns Home After 10½ Months Abroad

Dr. Lester J. Kuyper of Western Theological Seminary, who has been absent from Holland 10½ months studying in the Holy Land and lecturing in universities in the Netherlands, returned to his home here Friday night. Mrs. Kuyper, who had spent a month with him traveling through Europe, returned home some days earlier.

Dr. Kuyper's latest experience was the return trip in which he served as chaplain on the immigrant ship Groote Beer (the Great Bear) of the Holland-American line. This ship discharged several immigrants at Halifax before going to New York. On board besides immigrants were many Netherlands in this country on visits, several GI wives and groups of Dutch students who will be spending the summer at summer camps and conferences in the United States.

The local theologian spent five months in the Holy Land at the American School of Oriental Research on lecturing, research and travel. He visited the site where the Dead Sea Scrolls were found, saw the scrolls and also the scrollery, a large room in Jerusalem Museum on the Jordan side where fragments are sorted.

During his four months in the Netherlands, Dr. Kuyper lectured in all the universities. His presence there was an exchange professorship in which Prof. H. de Vos of the University of Groningen spent three months at Western Theological Seminary here.

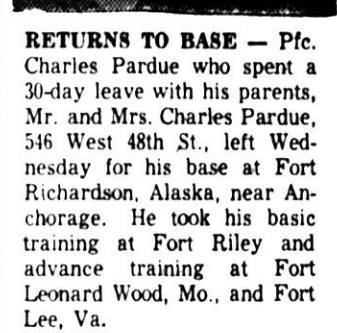

During the month Mrs. Kuyper was with her husband, the couple traveled from the Netherlands to Paris, and then to Basel, Switzerland, where they were guests of the Rev. and Mrs. John Hesselink. They attended the Cavin celebrations at Geneva on May 31 and June 1 and were present at the dedication of the renovated auditorium where John Calvin taught. They spent two days traveling in Switzerland.

On May 21 they were present at ceremonies at the University of Utrecht at which the Rev. Eugene T. Heideema, a graduate of Western Theological Seminary, was conferred a doctorate. Rev. Heideema, a native of Sheboygan Falls, Wis., had done graduate work at the University of Utrecht and wrote a dissertation on "The Relation of Reason to Revelation in E. Brunner and H. Bavinck."

Rev. Heideema is now a minister at Edmonton, Alberta, Canada.

"It may sound trite, but I'm returning to Holland, Mich., with a deep appreciation of Holland and my home by way of contrast in other lands," Dr. Kuyper said. "I do not mean to say that these people are not happy, but America has so many freedoms and privileges that one does not recognize until he lives among other people in other lands."

During his absence, Dr. Kuyper wrote a series of articles on his experiences for The Sentinel.

Bethany Church Is Scene Of De Vries-Slenk Rites

At 7:30 p.m. Friday evening Miss Sondra Lou Slenk became the bride of Jerald Joy De Vries in a pretty wedding which took place in Bethany Christian Reformed Church.

The double ring ceremony was read by the Rev. William Brink following appropriate wedding music played by Mrs. Jay Boes, organist. She also accompanied Warren Plaggemars as he sang "I Love You Truly," "Because" and "The Lord's Prayer."

The bride, daughter of Mr. and Mrs. Henry Slenk, 82 West 28th St., and the groom, son of Mr. and Mrs. William De Vries, 3516 Barker St., Hudsonville, exchanged vows before an arrangement of summer flowers including bouquets of white gladioli and mums, offset by ferns and spiral candelabra. White satin bows marked the pews.

Carrying a white Bible with a white orchid from which fell satin streamers dotted with pink roses, the bride approached the altar with her father. Her gown of alencon lace and tulle in floor length with chapel train, was fashioned with a bosque bodice enhanced by a sheer tulle yoke complemented by iridescent sequins and pearls. The lace formed an overskirt over ruffles of tulle, the train coming to a point. The long lace sleeves tapered to points at the wrists. She chose a double crown styling for her headpiece in pearls and iridescent sequins which released the fingertip length veil of imported English illusion.

The bride's attendants included her cousin, Miss Delores Vande Water, as maid of honor and Miss Sybil Piersma of Grand Haven, and Miss Audrey De Vries of Hudsonville, cousin of the bride and sister of the groom, respectively, as bridesmaids. Their gowns of chiffon were of ballerina length. The shirred fitted bodices had softly draped yokes which formed sabbina front necklines and V backs with flowing panels. The

The maid of honor was Sandra Bruursema, who wore a ballerina length gown of sky blue taffeta with fitted bodice, bouffant skirt and a short white lace jacket with a sabbina neck. A big blue bow with streamers to the hemline fell from the V-neckline in the back. She wore a matching blue picture hat trimmed with white lace medallions and short white gloves and carried a cascade bouquet of blue tinted white feathered carnations.

Miss Ruth Bruursema, the junior bridesmaid, was dressed identically to the maid of honor.

The groom chose Kenneth Michenerhuizen as his best man and Dale Weighmink served as groomsmen. Kenneth Walters and Max Weighmink seated the guests.

The bride, given in marriage by her father, chose a floor length gown of chantilly lace and tulle over bridal white satin. The fitted bodice featured a sabbina neckline, trimmed with sequins and long tapered sleeves. A panel of lace delicately trimmed with sequins and seed pearls enhanced the bou-

ffant skirt of scalloped tulle. Her chantilly lace crown also trimmed with sequins and seed pearls, held a scalloped fingertip veil of imported illusion. She carried a cascade bouquet of white feathered carnations and pink gamet roses.

Wedding music was played by Miss Beverly Hemmeke, and soloists Norman Weener sang "Because," and "The Wedding Prayer."

The mother of the bride wore a blue dress with lace inserts with summer white accessories and a corsage of white feathered carnations and pink gamet roses.

The mother of the groom wore a beige lace dress with summer white accessories and a corsage of pink feathered carnations with white sweetheart roses.

At a reception in the church basement held for about 100 guests, Mr. and Mrs. Charles Bruursema served as master and mistress of ceremonies. Gifts were arranged by Mr. and Mrs. Donald Van Huis. Miss Beatrice Schierbeek and Jerry De Weerd served at the punch bowl.

Dr. and Mrs. De Bruine on June 15 moved from Elmhurst, Ill. where Dr. DeBruine served as head of the biology department at Elmhurst College for 25 years. Both the De Bruines attended Hope College. Mrs. De Bruine being the former Dorothy Slagh.

This money will initiate the Harvey De Bruine biology award, the income to be given annually to a qualifying Elmhurst college junior or senior biology major.

The De Bruines have two children and three grandchildren. Their children are Mrs. Alvin F. Volle, whose husband is pastor of Peace church in Bennet, Iowa; and Dr. Paul H. De Bruine who was graduated from Washington University Medical school in St. Louis, Mo. on June 10. Urges Campaign Against Clowning

With a long summer ahead and the Fourth of July weekend coming up, Police Chief Jacob Van Hoff today urged use of a new signal and slogan to prevent accidents and save lives on waterways and highways — "Thumbs Down Means Don't Clown."

Many local residents, he said, are among the 37 million Americans who enjoy the pleasant and safe sport of boating. Still, the chief said, there is a minority of irresponsible "hot-rod jockeys," on the water as on the roads, who imperil the safety of themselves and others.

Chief Van Hoff suggests that when a person is seen making a nuisance of himself in a motorboat or car, annoyed or endangered persons nearby give the unmistakable "thumbs down" sign, a universally-recognized sign of disapproval.

If enough persons do this, the chief said, the offender should be ashamed into stopping his reckless driving habits. Remember, "Thumbs Down Means Don't Clown."

False Alarm

GRAND HAVEN (Special) — A false alarm at 9 p.m. Sunday at the Security First Bank and Trust Co. had police officers and citizens in a dither. It is believed a wiring defect set off the alarm which was heard in the bank and the state police post, but not in other law enforcement departments.

Morse Meets Chic Painters In July 4 Baseball Contest

The H.E. Morse Dutchmen baseball team will play the unbeaten Chic Painters of Grand Rapids Saturday at 10 a.m. in Riverview Park in the annual holiday game.

The Painters are unbeaten in the Southwestern Michigan Baseball Conference but Saturday's game will be a non-league contest and the second round of league play will begin next week.

Jack Rumohr, former Western Michigan University pitcher, who spent some time with the Bluefield, West Va., Class D team will probably pitch for the Painters.

Bob Van Dyke, who did some hurling for the Class C Missoula, Mont., team this summer, will probably work for Holland. Van Dyke was scheduled to work against South Haven Monday night but the game was rained out. The game will probably be played later in the season. South Haven is not a member of the SMBC.

The Dutchmen may play an exhibition game Thursday night against the Holland Legion All-Stars in Riverview Park. The All-Stars managed by Clare Van Liere, are 16 and 17-year-olds and have won the district championship for the past five years.

Wolding and Van Liere are expected to work out the details for the game later today or Wednesday.

Playschool at Washington Features Dress-Up Contest

Special events at the Washington playschool were climaxed by dress-up day on Friday. Other events during the week included backwards day on Wednesday when the group wore clothes backwards, sang Christmas songs and made snow pictures.

Winners in the dress-up contest were Candee Carter, who won the grand prize for her original costume a Japanese lady. The costume

showed much originality in general with grandmas, tramps, fishermen, scary animals and bridesmaids.

First place winners were Christy Carter, Christine Dinger, Debbie Glatz, Fritz Steininger, Mary De Feyter, Sandy Lawson, Jimmy Paul, Kim De Waard, Nancy De Waard, Christy Luth, and Karla Weller.

Second place winners were Lucy and Yvonne Wammis, Hilda and

Ena Burghof, Jeannie Wiley, Larry and Kathy Windemuller, Linda and Sharon River, Doug and Donna Melena, Randy Den Hartog, Lynette Lawson, Debbie Pearce, Dan and David Raess and Stuart Dinger.

Judges were Miss Blair Bontekoe and Miss Mary Groenewoud.

The weekly schedule includes songs, story and handicraft under the direction of Miss Phyllis Welch

and Mrs. G. Groenewoud. Miss Joyce Loncki conducts leather craft classes assisted by junior leaders. Miss Callie Zuverink teaches acrobatics and Miss Mary Ellen Van Zanten leads cheerleading classes. Gene Hiddinga will teach archery classes in July and Miss Mary De Waard will give baton lessons in July.

Velma Matchinsky won the prize for the best design for the cover

of the playschool paper and Mary Beth Brouwer won second. Honorable mention went to Linda Prins and Lynette Lawson.

Wednesday is puppet show day and Friday will be doll, stuffed animal and auto show day. Monday, July 6 will be pirate day.

Before the coming of the white man, historians say that what is now the state of Oregon was the home of more than 60 tribes of Indians.

FUN AT THE LAKE — Children are the ones to be satisfied with a summer resort and these youngsters at Waukazoo Club seem to be enjoying themselves. Bicycles, boats, water skis and swimming fins are standard equipment. The dock is always popular with young people.

Vacation-Minded Tourists Find Holland Resorts Ready

Traditional opening of resorts is on July 4th, but most Holland area resorts have been operating for several weeks. The two shores of Lake Macatawa and Lake Michigan have become the mecca for summer resorters. Many wooded areas around Holland also find favor with visitors.

Boating, fishing, sailing, water skiing, golf, tennis and other recreational facilities are available to all. One of the largest marinas on the Great Lakes, Jesiek Bros., have been preparing boats of all sizes and shapes for owners.

Easter Marine Service, Beacon Boat Co., Baker's Landing, Inland Boat Service and Wolverine Boat, all cater to the pleasure and convenience of boat operators.

A gala formal dinner dance opened the social season at the Macatawa Bay Yacht Club on June 20. Small boat races are held each weekend for the young sailors and larger boat races are scheduled during the summer. The Yacht Club has bridge-luncheons for the women, family night buffet suppers on Thursdays, Sunday night buffets and junior activities to keep everybody happy all summer.

A second yacht club, Bay Haven, has become well-established across the bay from MBYC. Dock space and slips and the Reef Restaurant point to a good season.

A new face on the scene this summer will be Truman R. Sample, who will be the new manager of the Waukazoo Club this year. Sample spent three years as manager of the Three Toms Inn at Thomasville, Ga. Walker Everett, owner of the Club, in announcing Sample's appointment, said that many would miss Syl Paulus, manager for many years, who is un-

able to continue because of ill health.

A buffet supper on Friday night will open festivities at Waukazoo. Later on the public is being invited to the buffets and to the entertainment that will follow. Waukazoo is traditionally a tennis stronghold with many fine players participating.

Castle Park is the scene of amny pre-season luncheons, parties and wedding rehearsal dinners. Most of the cottagers have been coming to Castle Park for generations. The quaint, old-country-style "Castle" is a picturesque spot on the grounds.

The water ski school at Lakeshore Cabins on Lake Macatawa will again be in charge of Mrs. Rick Carter, according to Mr. and Mrs. Harold Vanderploeg, owners of Lakeshore. The cabins have been redecorated and refurbished and reservations from old timers, who have been coming for many summers, are coming in steadily.

The new dining terrace at the American Legion Memorial Park, better known as the Legion Country Club, is attracting many groups for dining and informal luncheons. The view of the golf course from this terrace is delightful especially on bright summer days. On Saturday nights, the Mr. and Mrs. Golf League makes reservations for the supper and golf. Mr. and Mrs. John Kuipers are again in charge of the dining room.

Guests at The Mooring have been enjoying the facilities there for several weeks. Mr. and Mrs. Robert Horner, hosts at the Mooring have entertained Mr. and Mrs. Ronald C. Pairs and their children, Janet and Jimmy, of Downers Grove, Ill.

A reunion of two psychiatrists who attended the University of

Chicago took place at The Mooring when Dr. and Mrs. Robert Mortimer and children of Highland Park, Ill., and Dr. and Mrs. Robert Boom of Muskegon reminisced. Mr. and Mrs. William Tinkler, Tommy, Richard and William, of Park Forest, Ill., started the season off last week. Mr. Tinkler is a well-known jazz trumpeter.

Cottages a boat livery and bait with a dock for water skiing and the top features at Maple Shade Resort at Port Sheldon. The resort is operated by Mr. and Mrs. William Kemperman. They also have shuffleboard courts and tether tennis. The Kempermans report that they have had guests for the past three weeks.

Two Youths Hurt As Car Rolls Over

Two Holland youths were hurt Monday at 3:10 p.m. as the speeding car in which they were riding left the road on Lake Shore Dr. half a mile south of Tunnel Park and rolled completely over in the ditch.

David Wendt, 17, of route 4, Holland, the driver of the car, was treated at Holland Hospital for abrasions of the shoulder and head and released to the care of a doctor. Ottawa County deputies said his passenger, Larry Topp, 16, of 80 North Division Ave., received scratches and bruises.

According to deputies, Wendt lost control as he emerged from the stretch of divided highway, went off the left side of the road, skidded back across the road and rolled all the way over going down the embankment. Deputies said he left 150 feet of skid marks. Wendt was ticketed for reckless driving by deputies, who estimated the damage to the 1956 model station wagon at \$1,000.

First Nighters Find New Play Full of Laughs

Anyone who has ever been bitten by the theatrical bug will find the three-act play, "Burlesque," which opened Monday night at the Red Barn Theater, highly entertaining and heartwarming.

This hilarious drama of backstage life in the oldtime theater has just about everything but the kitchen sink. Jack Doner as leading comic not only exercises his considerable talents as a song-and-dance man, but his meaty role engagingly from top humor (both corny and brilliant) to the pathos produced feelingly by a down-and-out.

Sharing top honors is Lisa Marshall as the loyal wife with a heart of gold, the partner in the big act, one who could belt out a blues song and slide through a dance routine with the best of them. Her role was akin to those of Miss Adelaide in "Guys and Dolls" and Gladys in "Pal Joey" which she played in national touring companies.

James Dyas' professional actors had plenty of opportunity to show new talents. William Cain, the shy lover in last week's "The Happiest Millionaire," appeared as the comic's manager, tough but a good egg. Alan James exchanged his bombastic title role of last week to become a Texas rancher, mild and effacing. Dorothy Lee Tompkins, usually the leading lady, appeared only briefly in one scene... as a burlesque queen.

The play even had a chorus line billed as the Red Barnettes, directed by Lila Dee, who also appeared in a solo number singing the old familiar "Life Upon the Wicked Stage." Maxine Clark of Holland was pianist for the show. The play which features costumes of the 1920's (just slightly better than some of the sack dresses of 1958) continues through the week with curtain time at 8:30 p.m. and two shows on Saturday at 5:30 and 9 p.m.

Garden Club Open House Planned at Baker Museum

Holland Garden club members, combining originality and artistic talent with the lovely patinas of old woods, are finding the Baker Furniture Museum a "natural" for their display of summer's gayest blooms as they stage "Open House" at the museum on Tuesday, July 7.

The event, designed to provide an interesting adventure in old world and modern furniture patterns, is expected to attract large numbers of area summer visitors as well as many local persons who have not discovered the museum's varied attractions.

Garden Club members will serve as hostesses during the hours from 1 to 5 p.m. and 7 to 9 p.m. when guests will be invited to tour the various rooms. Invitational flower arrangements by club members will be placed in appropriate places throughout the galleries to enhance the beauty of the antique furniture collected by Mr. Hollis S. Baker on his many trips to Europe and a survey of the Orient.

Mrs. Sidney Johnson is serving as general chairman for the affair, assisted by Mrs. Edward Brodin as chairman of exhibitors. Others on the committee are Mrs. Lincoln H. Sennett, publicity; Mrs. Robert De Nooyer, hostess and Mrs. L. C. Dalman, tickets.

Light refreshments will be served by Mrs. J. D. Jencks and her committee. Decorations at the entrance will be provided by Mrs. Richard Kearns.

Originally collected by Mr. Baker for their unusual design, finish or color, these pieces were intended as a working collection to inspire and instruct present day furniture designers. This accounts for the somewhat unstudied arrangement of the various pieces which include such interesting items as a table which opens to reveal a library stairs, an exercising chair in which the user bounces up and down on a bellows, and a delicate Harewood wedding cabinet which once belonged to a cousin of Elizabeth Barrett Browning and which contained personal letters at the time of its purchase.

The Provincial Gallery contains interesting Early American pieces such as a "turkey breast" corner cupboard from Eastern Maryland to delight homelovers of the current trend toward this type of furniture. Lovers of modern furniture will find the work of Copenhagen architect, Finn Juhl, interesting. This grouping contains a library table with the "floating" top and sculptural type easy chairs.

A collection of mirrors of French and Italian origin with carved and gilded detail is found in the Classic and Romantic gallery which also features an antique harpsichord.

This unique storehouse of unusual furniture was originally housed in the Exhibitors Building in Grand Rapids where it attracted many students of furniture design. In 1953 the museum came into its own when the pieces were moved to Holland and into their own special building at 6th Street and Columbia Avenue. Now the galleries are open for public enjoyment of the collection.

Tickets for the "Open House" may be secured from any Garden club member and will also be available at the door. A Palladian micarta-topped cigarette table is being offered as a guest prize.

Bond Program Delayed; Fee Is Questioned

The Municipal Finance Commission at Lansing Tuesday tabled a request from Holland city for approval on a \$4,000,000 bonding program to improve Holland's electrical system because it questioned an \$8,000 fee charged by Detroit bond attorneys.

But City Manager Herb Holt said today that it was the same fee based on \$2 per \$1,000 bond which the state commission approved three years ago for Holland's new water supply. Three years ago, the bond attorney fee amounted to \$5,400 and a \$2,700,000 bond program.

The state commission has notified the Detroit law firm, and if the firm makes a satisfactory explanation, no serious delay is expected in the electrical expansion.

It was pointed out that delays of this kind are not unusual. "From the city's standpoint, everything appears to be in order," Holt said.

The finance commission approved several items including one from Berculo in Ottawa County for \$3,000 in tax anticipation notes.
